

Referee Guidance - From a Snookered position

All members are responsible for encouraging good behaviour of any player (help your mates).

The call of a miss should be the LAST THING on the referees mind as it has been overly used and influenced by TV. This is NOT professional competition. The ABILITY of the player MUST BE considered.

It is NOT a foul and a miss if:

- or The striker has tried to the BEST of their ability to strike the ball on.
- or The escape is deemed impossible.
- or Penalty points are needed by either player.

Additional Guidance for C grade only.

After 2 calls of Foul and a Miss, no third Miss can be called.

Foul and a Miss
